

Dear Parents/Guardians:

A very important step in the transition from Middle School to High School is the course selection process. The 2017-18 scheduling season is upon us and preparations are being made to ensure our students are placed in appropriate courses for the 2017-18 school year. The course selection process includes decisions that should be carefully made to best prepare our students for their post-secondary education or career. We understand that this process can be overwhelming and requires collaboration between students, parents, school counselors, and teachers.

With this in mind, we would like to invite you to learn more about the high school curricular programs on **Monday February 6<sup>th</sup> at 7:00pm** in the high school auditorium. The evening presentation will include an overview of required courses and graduation requirements, information on new classes, and highlights of elective offerings. Building administrators and school counselors will be available to answer individual student questions after the general presentation.

In addition to this informational session, Grade 8 students will receive the program of studies during their school-based scheduling meetings with the school counselors in the middle school. These meetings will take place on **February 8<sup>th</sup> and 9<sup>th</sup>**.

We hope that you take advantage of this opportunity to work together in building the best program possible for your son or daughter. Please feel free to contact me if you have any questions.

Sincerely,

Steve Murray  
High School Principal
